

Estimator

Department: Sales
Reports to: Project Manager
Location: Union City, CA; El Paso, TX or Port Orchard, WA
Experience: 2 to 5 years
Job Type: Full Time (non-exempt)
Education: High school diploma, Bachelor's Degree preferred.

About Us

Tournesol Siteworks is a national manufacturer of landscape products for green buildings based in the San Francisco Bay Area. We're a growing company, with manufacturing facilities in California, Washington and Texas, working on environmentally-conscious commercial construction projects across the U.S. and Canada. We're a tight-knit group looking for a real team player.

About the Team

The Sales Team and Customworks Group is currently seeking an Estimator to work at one of our manufacturing locations. The Customworks team is responsible for estimating and coordinating large and complex projects within the organization and is the non-standards products division of Tournesol Siteworks, manufacturing unique architectural landscape elements for design-driven environments.

About the Role

As an Estimator, you'll work with the Customworks Project Manager to support the Sales team, in reviewing and quantifying landscape construction plans. You'll use Salesforce and other electronic tools to identify and quantify construction plans, and will communicate directly with contractors, landscape architects and designers. You'll be generating quotes on range of projects and products, including planters, site furnishings and fountains. You'll be based in one of our manufacturing locations (Union City, CA, El Paso, TX or Port Orchard, WA) and will be required to travel occasionally to other facilities. You will have a direct hand in accomplishing our #1 goal – a successful project in every way.

Essential Duties and Responsibilities

- Support the Sales Team by doing take-offs, working from construction plans and specifications for projects
- Prepare routine estimates for custom projects and assist the Project Manager as needed
- Use estimating software to aid in estimations
- Communicate data to Sales team in a timely manner via multiple channels
- Assist Sales team in qualifying projects
- Ability to learn production techniques and capabilities, in concrete, fiberglass, metal and wood

Necessary Skills

- 2+ years' experience in estimating and/or managing projects
- Knowledge of the landscape or green build industry is preferred
- Familiarity with the construction industry, plans and specifications, including doing take-offs
- Computer literate, specifically in electronic take-off tools, MS Office and Salesforce (CAD would be a bonus)
- Self-directed, decision maker, with excellent interpersonal skills

Organized, unflappable and able to handle multiple projects simultaneously in a fast-paced environment

Benefits

- Competitive salary
- Paid time off
- Paid holidays
- Medical, dental, vision, disability and life insurance
- 401k with employer match
